How to Create an Account on MyEvent

Getting started on MyEvent is quick and easy. Follow the steps below to create your account and start building your website.

Step 1: Go to the Login page

On the MyEvent homepage, click **Login** in the top-right corner of the screen.

Step 2: Choose how you want to sign in

The screenshot shows the 'Login' page of MyEvent. At the top, the word 'Login' is centered in a large, dark font. Below it are two prominent buttons: a blue one for 'Login with Facebook' and a red one for 'Login with Google'. A small line of text below these buttons states, 'We will never post without your permission.' Below this is a horizontal separator with the word 'or' in the center. Underneath is the text 'Login with your email & password'. This is followed by two input fields: 'Email address' with the placeholder 'your@email.com' and 'Password' with a masked password '.....' and an eye icon to toggle visibility. Below the password field is a checkbox labeled 'Remember Me'. A line of small text reads, 'This form is protected by reCAPTCHA and the Google Privacy Policy and Terms of Service apply.' Below this is a large blue button with a right-pointing arrow and the text 'Login'. Underneath the button is a link for 'Forgot Password'. A horizontal separator follows, with the text 'Don't have an account?' below it. At the bottom is a large orange button with a right-pointing arrow and the text 'Get started'. At the very bottom, a small line of text states, 'By signing up, you agree to our Terms of Service and Privacy Policy.'

- **Already have an account?** Simply enter your login details to sign in.

- **Forgot your password?** Click **Forgot password** and follow the instructions to reset it.
- **New to MyEvent?** Click **Get Started** to create a new account.
- You can also sign up or log in using **Google** or **Facebook** for a faster setup.

Step 3: Start creating your website

Once logged in, you'll be able to create and manage your MyEvent website right away.
