

Adding a banner to your pages

Category: Banner

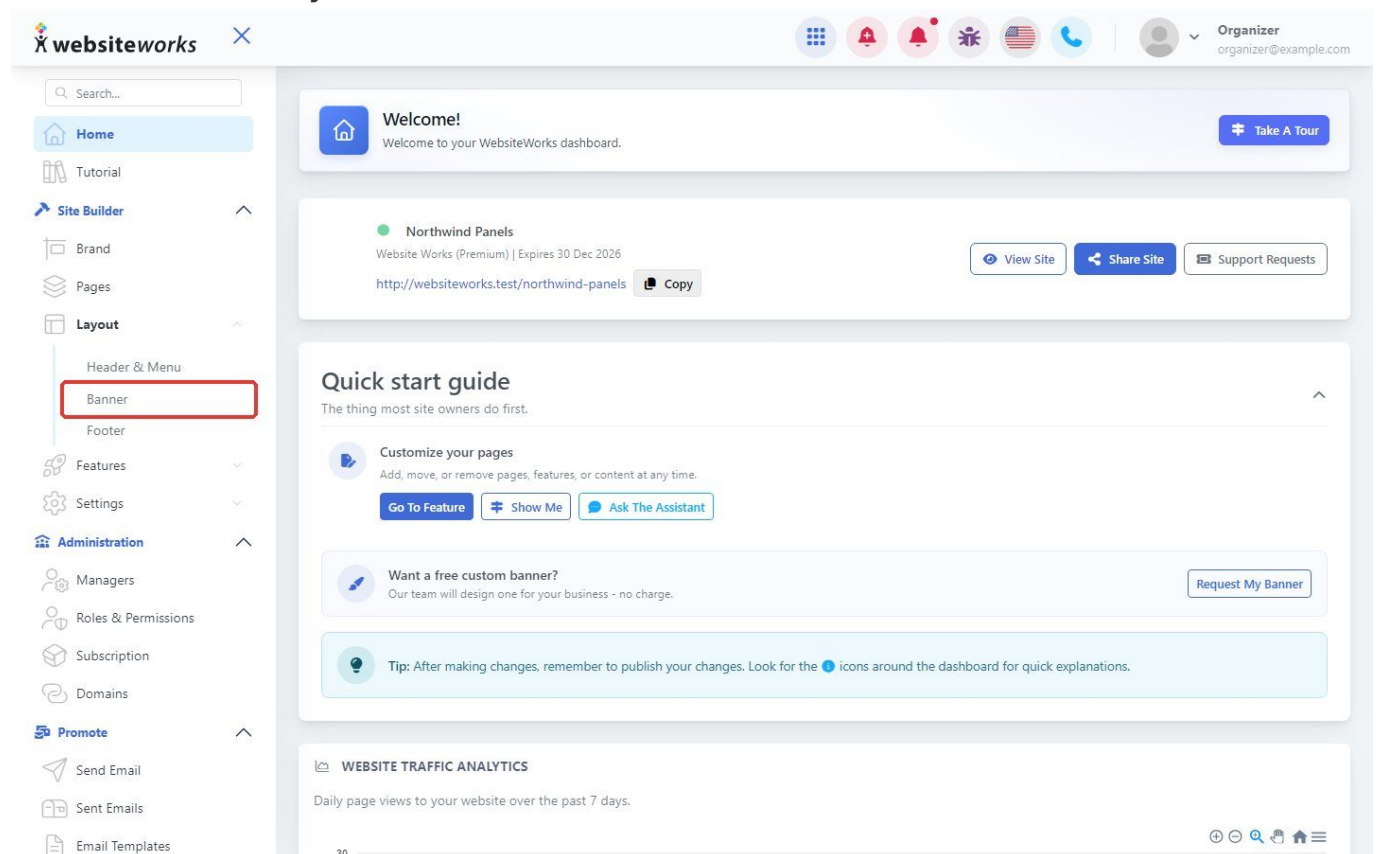

Published: Oct 26, 2026

Reading Time: 1 min

The banner is the large image at the top of your pages. You can create one with AI or upload your own.

Step 1: Open Banner

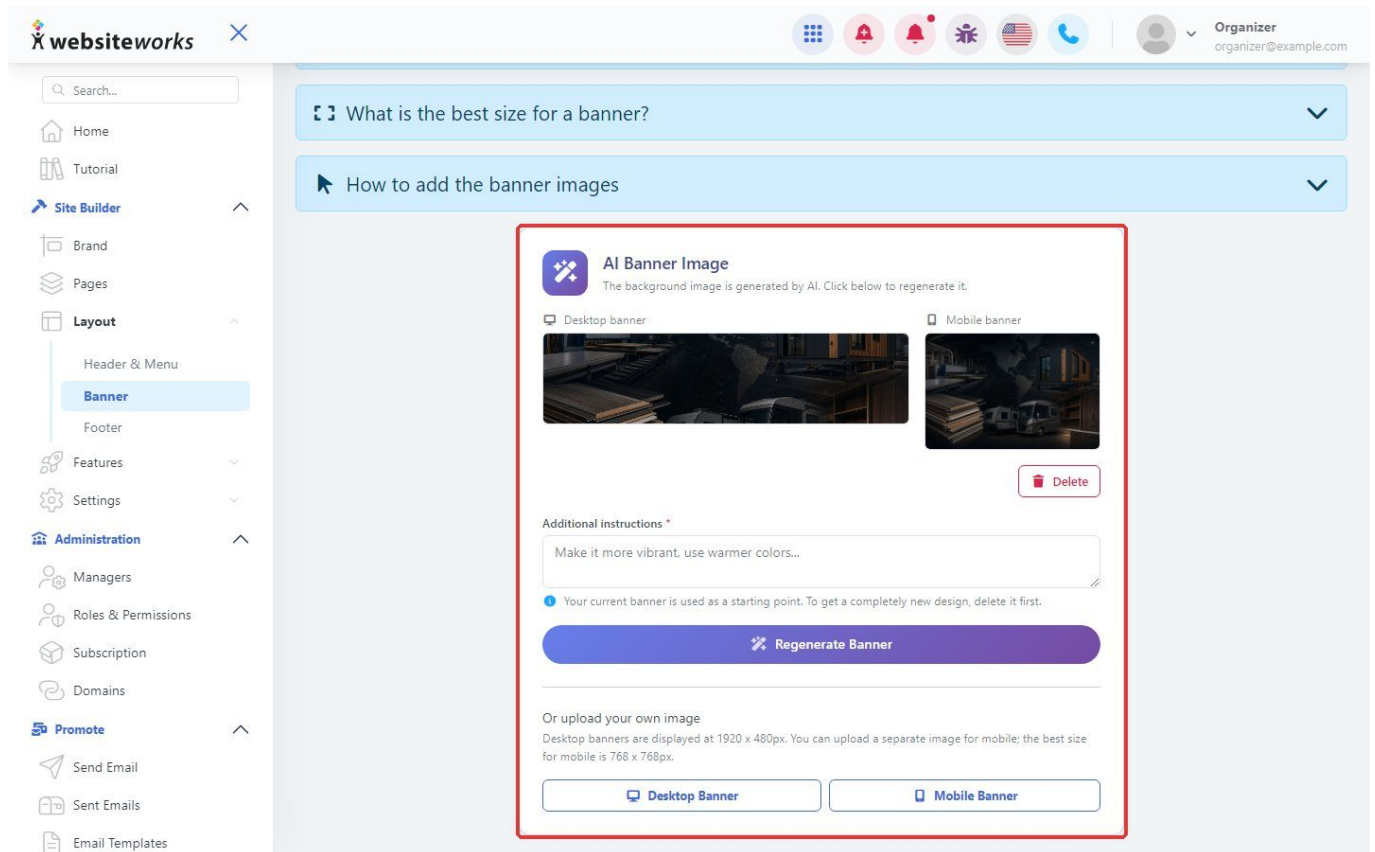

In the menu, under **Layout**, click **Banner**.

Click **Banner**.

Step 2: Look at your AI banner

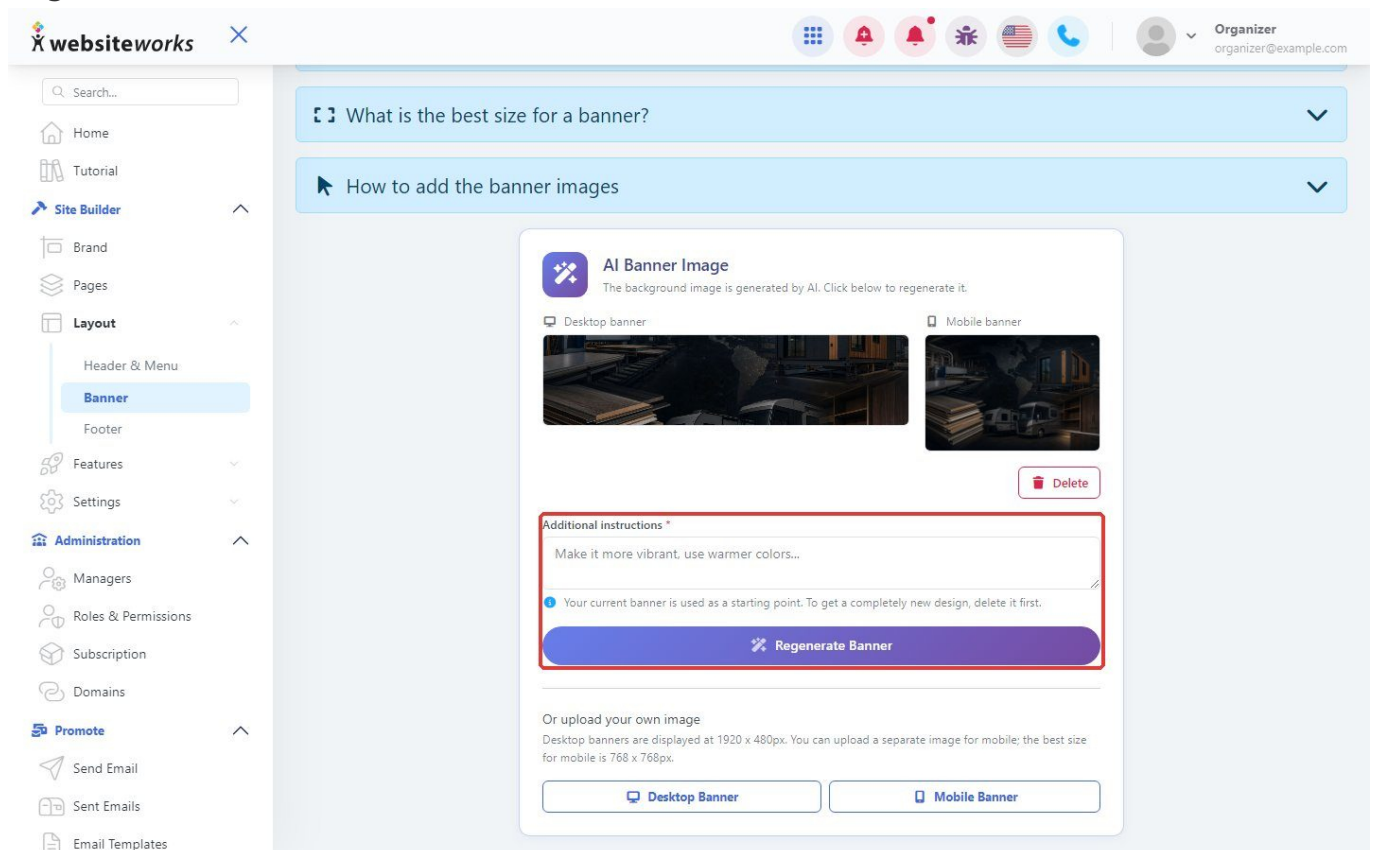

Under **AI Banner Image** you see the **Desktop** and **Mobile** versions. Click **Delete** to remove one.

Your desktop and mobile banners.

Step 3: Make a new one with AI

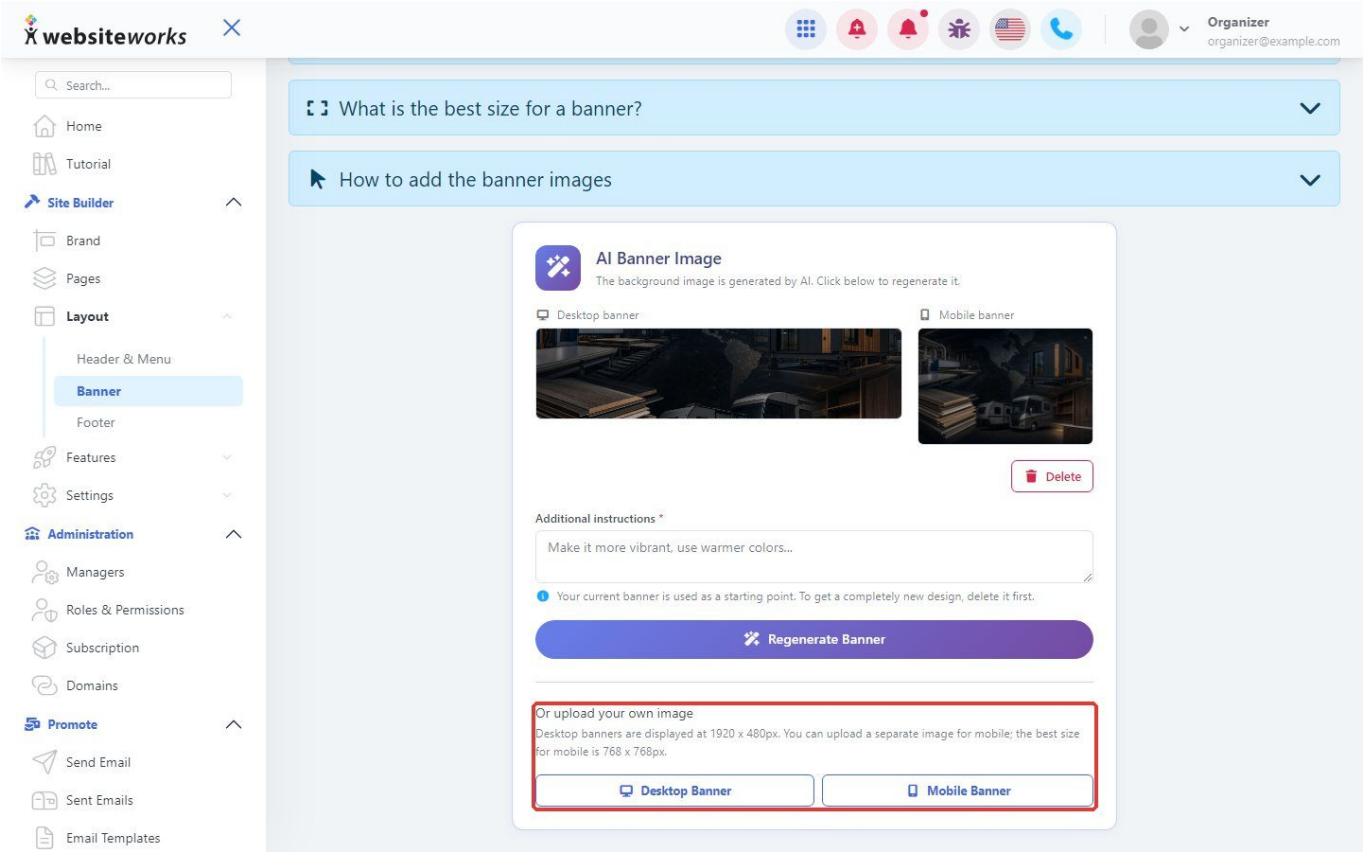

Type what you want in **Additional instructions**, for example the colors or subject, and click **Regenerate Banner**.

Describe it, then regenerate.

Step 4: Or upload your own

Under **Or upload your own image**, upload a desktop image (1920 x 480 pixels) and a mobile image (768 x 768 pixels).

Upload desktop and mobile images.
