

Adding testimonials

Category: Testimonials
Published: Oct 26, 2026
Reading Time: 1 min

Testimonials are quotes from happy customers that build trust in your business.

Step 1: Open Testimonials

In the menu, under **Features**, click **Testimonials**.

Click Testimonials.

Step 2: Click New Testimonial

Click **New Testimonial**.

The screenshot shows the 'Testimonials' management interface in Website Works. The left sidebar contains navigation options: Home, Tutorial, Site Builder (with sub-items: Brand, Pages, Layout), Features (with sub-items: Albums, Testimonials, Custom Forms, Updates), Settings, Administration (with sub-items: Managers, Roles & Permissions, Subscription, Domains), and Promote (with sub-items: Send Email, Sent Emails). The main content area is titled 'Testimonials' and includes a search bar, a 'New Testimonial' button, and a table of existing testimonials. The table has columns for Actions, Name, and Quote. The first testimonial is from Alex Martin, praising Northwind Panels for supplying vinyl covered gypsum panels. The second is from Sam Taylor, mentioning high quality laminated gypsum panels. The third is from Jordan Lee, noting consistent quality and on-time delivery. The interface also shows a 'View Site' button and a 'Share Site' button.

Click New Testimonial.

Step 3: Fill in the testimonial

In **Create testimonial**, enter the **Name** and **Quote**, choose a **Star rating**, and add a **Role** and **Avatar photo** if you have them. Leave **Enabled** on and click **Confirm**.

The screenshot shows the 'Create testimonial' modal form in Website Works. The form is titled 'Create testimonial' and includes fields for Name, Quote, Star rating, Role, and Avatar photo. The 'Star rating' field is set to 5. The 'Avatar photo' field has a 'Choose File' button and a 'No file chosen' status. The 'Enabled' checkbox is checked. The form has 'Close' and 'Confirm' buttons at the bottom. The background shows the same 'Testimonials' management page as the previous screenshot.
