

Adding Background

Category: Website Building

Published: Jan 07, 2026

Reading Time: 1 min

Adding a background to your website will give it a more stylish look and details that will make it more appealing to viewers.

It is recommended maximum file size be 10 MB. Minimum dimensions should be 1920 x 3000; you are also able to change the opacity of the image.

You are also able to change the theme colors of your website here.
